Come Celebrate With Us

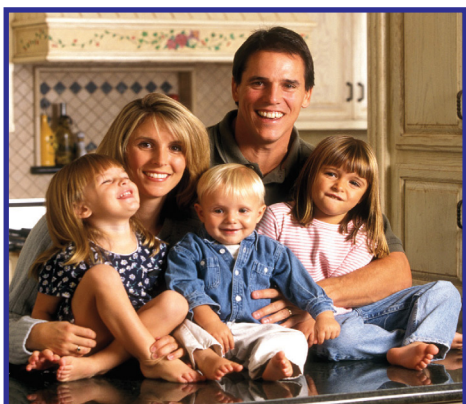

We're celebrating our 40th Anniversary on April 1st at both locations with an Open House and refreshments. Special presentations will kick off at 12:30 pm at the Loop location (558 E. Mt. Vernon Blvd) and 1:00 pm at the Highway Location (1050 W. Hayward Drive) to commemorate our 40 years of service to the community. Drawings will be held for two 40" TVs. Everyone is invited to celebrate with us at this free event.

Drs. Harold E. George and Frederick C. Lauer founded the dental facility as Mid-America Dental Clinic in 1979. Dr. Jay Hildreth established Dental Centers in 1995 and purchased the dental practice in 1997.

The George family is still actively involved in the company. Scott George serves as President and Chairman of the Board of Directors; Brian George serves as Chief Executive Officer; and Dr. Cheryl George-Williams also serve on the Board.

Dr. Hildreth & Associates are Missouri licensed General Dentists. They are not licensed in Missouri as specialists in the advertised dental specialty of Prosthetics, Orthodontics or Oral Surgery. Implants are a specialty area not recognized by the ADA that require no specific training to advertise this service.

Zirconia 3 Day Bridges are Strong and Beautiful!

Recent advances in computer-generated CAD/CAM designed restorations and advances in high strength Zirconia provide us with the ability to create strong, beautiful and highly accurate bridges in a fraction of the time of traditional bridges. These bridges are metal free and computer milled from one solid block of Zirconia, resulting in a durable, chip resistant restoration with a natural translucence that can hide underlying discolorations.

The CAD/CAM design results in a superior fit, feel and functionality. You can also have your new Zirconia Bridge placed in about 3 days, much less time than the 3 weeks for a traditional bridge. Best of all, a Zirconia Bridge is only \$975 per unit. Ask your dentist if a high strength Zirconia Bridge is the right choice for you.
