## Let Dental Implants Restore Your Smile

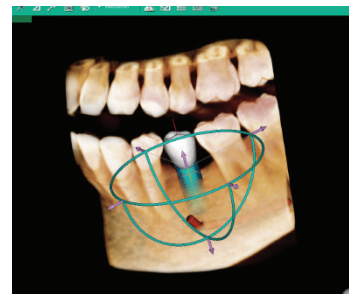

Let Dental Implants restore your smile by replacing missing teeth with a natural feel and fit. Then, “permanent” crowns are secured onto these precisely placed implants.

With our new 3D CT X-Ray scans, used in conjunction with modern CAD/CAM technology, your Doctor is now able to determine the precise position of an implant prior to the start of treatment.

A surgical guide is then created to ensure the treatment follows the exact digital plan. This superior level of accuracy helps provide a successful long term restoration.

Implants are only \$1,495 each. A Premium Crown attached to the implant can be precisely milled for a precise fit and is only \$1,045. Call us at 800-372-4554 or 800-354-1905 to schedule your next appointment today.

***“My Dog Chewed Up My Dentures”***

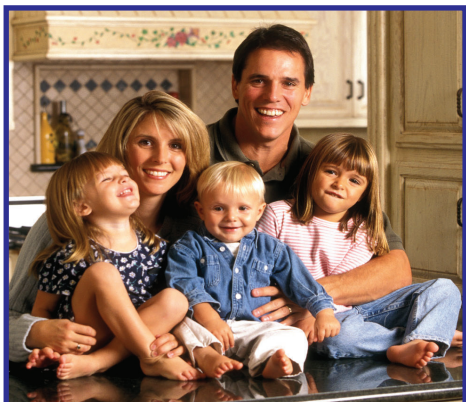

Sometimes the unexpected happens, even when you're careful with your dentures. So what do you do when the dog chews up your dentures, or they fall out of the car window, or they just get lost? If you purchased our Denture Loss & Damage Warranty, then you're covered! Yes, we'll replace your dentures if your dog chews them up, if you left them in a hotel room on vacation, or they fell in the lake. Only a small replacement fee applies.

Denture Loss & Damage Warranty is only \$75 per arch and covers loss and damage to your dentures (outside the normal repair warranty) for 1 year. Terms and conditions apply.

Be sure to purchase the Denture Loss & Damage Warranty with your next set of dentures, or to cover your current set, for that extra protection of your investment. Ask us for more information at your next visit, or call us at 800-354-1905 or 800-354-4554 today.
