Regain Your Confidence While Wearing Dentures!

Are your dentures loose, making you afraid to smile or eat you favorite foods? Do your dentures slip when you talk, causing you embarrassment and frustration? It may be time to simplify your life with mini-implant therapy. This dental therapy is one of the most significant advancements in dentistry in recent years and has changed the lives of thousands of people by giving them immediate improvement in the stability of their dentures.

Done in just one day, mini-implant therapy involves placing several small implants to support and secure your dentures in place. Your dentures simply seat onto the mini-implants and securely remain in place while you laugh, eat and enjoy life with confidence once more. Many patients report enjoying a good meal and confidently engaging in conversation from the very first day their mini-implants are placed.

Now, mini-implant therapy is much more affordable! Our mini-implants are only \$1,750 for an upper arch and only \$1,500 for a lower arch. Now is the time to talk with one of our experienced dentists about the life-changing benefits of mini-implant therapy and experience the confidence for yourself? Call us at 800-354-1905 or 800-372-4554 to schedule your appointment today.

Our Expanded Function Dental Assistants Help Make Your Next Visit a Pleasant One

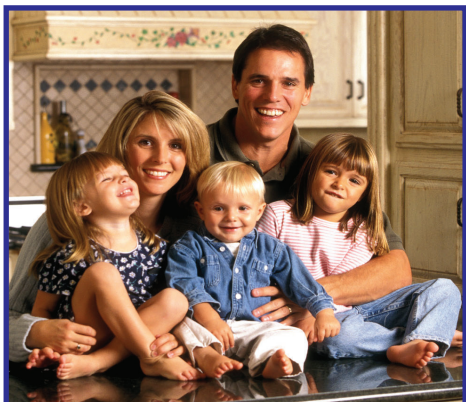

Dental Centers has experienced dental assistants trained as Expanded Function Dental Assistants (EFDA) to enhance your dental experience with us. These assistants are trained to be an extension of the dentist to help ensure your treatment is comfortable and efficient.

They are Dental Board Licensed to perform a myriad of duties including restorative fillings, denture and partial prosthesis and many other treatments. Our friendly EFDAs look forward to meeting you and providing you the best treatment for your dental needs. They can also answer any questions you may have with regard to your treatment.

Our EFDAs will assist you through all aspects of your treatment, even financing and your insurance benefits. Our goal at Dental Centers is for you to have your best dental experience at each visit.

Call us today at 800-354-1905 or 800-372-4554 to schedule your next appointment and experience the difference our EFDAs make at your next visit.

Dr. Hildreth & Associates are Missouri licensed General Dentists. They are not licensed in Missouri as specialists in the advertised dental specialty of Prosthetics or Oral Surgery. Implants are a specialty area not recognized by the ADA that require no specific training to advertise this service.

Winter 2018

Check for Renewed Benefits on Your Dental Insurance

Remember to check your dental insurance policy for renewed benefits for 2018! Most dental insurance offer full benefit amounts on covered procedures at the beginning of each year.

You may be eligible for many dental procedures such as check ups, x-rays and more at little or no out of pocket costs to you.

Dental Centers now accepts most dental insurance plans, including Delta Dental, MetLife, Guardian, most Medicare supplements and many other dental insurance plans. Call us at **800-372-4554 or 800-354-1905** for your next appointment.

Zirconia Bridges offer High Strength, a Natural Look and an Accurate Fit

Recent advances in computer-generated CAD/CAM designed restorations have led to advances in high-strength Zirconia and the ability to create strong, good looking and highly accurate bridges in a fraction of the time of traditional bridges. These bridges are metal free and computer milled from one solid block of Zirconia, resulting in a durable, chip resistant restoration with a natural translucence that can hide underlying discolorations.

The CAD/CAM design results in a superior fit, feel and functionality. You can also have your new Zirconia Bridge placed in about 3 days, much less time than the 3 weeks for a traditional bridge. Best of all, a Zirconia Bridge is only \$925 per unit. Ask your dentist if a high strength Zirconia Bridge is the right choice for you.

Your New Crown The Same Day!

Now you can have your new quality porcelain or composite (metal free) crown the same day at Dental Centers for the same cost or less of a traditional crown! Your crown is seated the day of your appointment, with no temporaries or second visit necessary. Computerized 3-D CAD/CAM technology allows us to digitally capture, design & craft a quality metal-free crown for you the same day! The results are a natural look and very precise fit.

PREMIUM SAME DAY CROWN.....\$925 / Per Unit
 A high-quality porcelain crown milled and hand crafted for a precise fit the same day! Custom hand shaded for a very natural look. Very durable and stunningly beautiful.

BASIC SAME DAY CROWN.....\$495 / Per Unit
 Basic composite crown with good fit and function. Three shades available. Milled and polished for a precise fit.
